JANUARY 1969

GEOM, and Very Best Wishes for a Happy, Healthy, and Prosperous New Year. - With a very successful 1968 behind us, and a busy looking schedule ahead of us, our meeting this Friday nite will be primarily a business and planning meeting. We have pizza parties, a home brew contest, and a few club projects to discuss, so be there and let's line up some good activities for the coming months.

Wot sa some of you CW men, come on down and give us a hand on the 7 to 8PM code practice session. Doctor up those code practice oscillators and bring them with you. And those of you who would like some brush up practice to get up speed for those higher grade licenses, come on down and join the group. Let's build up the steam again on the code group.

We've been very graciously invited by our neighboring club, The Wellesley Amateur Radio Society, through a letter from their secretary, KLYTY, Walt to come to their next meeting on Tuesday, Jan. 14, at 8 PM, at the Wellesley Hills Branch Library (Basement). Jim Fisk, WLDTY, Editor of Ham Radio Magazine will be speaking on solid-state transmitters. The Wellesley Hills Branch Library is at the junction of routes 16 and 9, just before Wellesley Hills Square. In the event of bad weather the meeting will be cancelled. Walt suggests that since our clubs are located so nearby, it would be a good idea to have reciprocal arrangements more often. - Makes big sense, wot sa?

With the hustle and bustle of the Holiday Season behind us, and for some of us, - some nice new equipment, we're looking for a chance to prove the advertising value of QNZ. If you want to unload, swap, sell or give away some of the old equipment kicking around the shack, contact your Sec. and put it up for bids like Sam Viola, WAHLE is doing. Note below:

BEST OFFER: - Mosley TriBander, for 10, 15, and 20 meters.
Cliff Dweller Antenna for 40 and 80 meters.
Ham "M" Rotator.

40 Foot EZ Way Crank Up Tower with winch and ground post.

All of the above equipment is less than 15 months old and in excellent condition. So give Sam a land line, 527-1985 day or nite, and make him an offer.
